The amendment filed November 21, 2007 does not contain markings indicating the changes that have been made relative to the immediate prior version of the claims filed September 12, 2007 as required by 37 CFR § 1.121(c)(2) in lines 5-7.

There is no indication anywhere in the Remarks section of the amendment referring to the support in the specification for the new claims 50-53.

The copy of the Electronic Patent Application Fee Transmittal filed November 21, 2007 shows only a fee of \$120 for Fee Code 1251 which is an extension for response within the first month as corroborated by PALM. Nowhere in the copy of the Patent Application Fee Determination Record filed November 21, 2007 is there any indication of a fee for the terminal disclaimer filed September 12, 2007. Accordingly, the obviousness-type double patenting rejection over copending application no. 11/319,068; Tomiyama et al. Patent No. 7,070,670 and Inada et al. Patent No. 5,965,269 remains in force until the fee has been submitted.
